**Patient: Vranjesevic, Teodora; 01/09/2007**  
**Diagnosis: Acute myeloid leukemia**

Dear Mr and Ms Vranjesevic,

With reference to my telephone call with Mr Simonovic I want to inform you that provided we receive a prepayment of 150.000 Euro (bank account see below) we can admit Teodora immediately for planning and preparation of stem cell transplantation at our outpatient department. Preparatory examinations and donor search can be started but we are only allowed to start stem cell transplantation after receipt of the remaining treatment estimate (200.000 Euro).

If you have any further questions, do not hesitate to contact us.

With best regards

Prof. Dr. med. Peter Bader
